## **SINGLE EQUALITIES POLICY**

November 2019

Next review November 2023

**CHORLEY ST MARY'S CATHOLIC PRIMARY  
SCHOOL AND NURSERY  
SINGLE EQUALITIES POLICY**

**Background**

The requirements of the Equality Act have been introduced incrementally since October 2010. In April 2011 the general public sector duty came into force and in April 2012 schools had the specific duty to publish information and the specific duty to publish objectives.

The primary purpose of the legislation is to bring together existing equalities legislation. Primarily these are the Equal Pay Act of 1970, the Sex Discrimination Act 1975, the Race Relations Act of 1976, the Race Relations (Amendment) Act 2000, the Disability Discrimination Act 1995 and three major statutory instruments of recent years protecting discrimination in employment on grounds of religion or belief, sexual orientation and age. It also builds on the 2006 Equality Act which instigated the Equality and Human Rights Commission. The 2010 Act imposes equality duties in respect of each of the equality strands (now called protected characteristics).

The protected characteristics are:

- Age
- Disability
- Gender re-assignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

The schools' provision of the act prohibits schools from discriminating against, harassing or victimising:

- Prospective pupils
- Pupils at school
- In some limited circumstances, former pupils

Note: Age and being married or in a civil partnership are not protected characteristics for the schools' provision.

Schools also have obligations under the Equality Act as employers, bodies which carry out public functions and service providers. In this instance all the protected characteristics need to be taken into account.

In the past there have been exceptions to the discrimination provisions for schools and these are all replicated in the new act – such as the content of the curriculum, collective worship and admissions to single sex schools and schools of a religious character. Schools are obliged to comply with the Public Sector Equality Duty (PSED). This duty establishes, in section 149 of the Equality Act 2010, that public authorities are required to pay 'due regard to the need to:

- Eliminate all forms of discrimination, harassment and victimisation that are prohibited by the Equality Act; and
- Advance equality of opportunity; and
- Foster good relations between people who share a protected characteristic and those who do not. These are known as the three aims or arms of the '**general equality duty.**'

Having due regard for advancing equality involves:

- Removing or minimising disadvantages suffered by people due to their protected characteristics.
- Taking steps to meet the needs of people from protected groups where these are different from the needs of other people.
- Encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

The Act states that meeting different needs involves taking steps to take account of people's disabilities. It describes fostering good relations as tackling prejudice and promoting understanding between people from different groups. It states that compliance with the duty may involve treating some people more favourably than others.

The PSED is supported by specific duties.

The '**specific duties**' regulations require public bodies to:

- Publish information to demonstrate how they are complying with the Public Sector Equality Duty, and
- Prepare and publish equality objectives.

## 1. Statement of Principles

### ***Vision and values***

St Mary's is a welcoming community who: learn together, live out Catholic values, celebrate all achievement and believe all is possible in Christ's hands.

Our aim is:

- To be a happy, Christian family upholding the values of love, justice and respect;
- To educate learners enabling them to achieve their full potential through an inclusive curriculum with memorable experiences;
- To nurture a sense of belonging and to welcome and work in partnership with families, the parish and our wider and global community.

The policy outlines the commitment of the staff, pupils and governors of Chorley St Mary's Catholic Primary School and Nursery to ensure that equality of opportunity is available to all members of the school community. For our school this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in school, whilst celebrating and valuing the achievements and strengths of all members of the school community. These include:

- Pupils
- Staff
- Parents/carers

## **2. Policy Development**

This policy applies to the whole school community. It has been built upon the previous single equalities policy.

## **3. Monitoring and Review**

Chorley St Mary's Catholic Primary School and Nursery is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and teaching to enhance the self-esteem of all those it serves and to provide a learning environment in which each individual is encouraged to fulfil her or his potential. We collect and analyse a range of equality information for our pupils/students:

*For example, attainment data, attendance data, exclusions, complaints of bullying or harassment by ethnicity, disability, gender, free school meals (FSM).*

We make regular assessments of pupils' learning and use this information to track pupils' progress, as they move through the school. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The governing body receives regular updates on pupil performance information. School performance information is compared to national data and local authority data, to ensure that pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances.

As well as monitoring pupil performance information, we also regularly monitor a range of other information. This relates to:

- Attendance
- Exclusions and truancy
- Racism, disabilism, sexism, homophobia and all forms of bullying
- Parental involvement
- Participation in extended learning opportunities e.g. representing the school in sports activities

Our monitoring activities enable us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Chorley St Mary's Catholic Primary School and Nursery is also committed to providing a working environment free from discrimination, bullying, harassment and victimisation. We aim to recruit an appropriately qualified workforce and establish a governing body that is representative of all sections of the community in order to respect and respond to the diverse needs of our population.

We collect and analyse a range of profile information for our staff and governors:

E.g. applicants for employment and staff profile,

We have identified the following issues from the analysis of the data:

- Staff data is not separated into ethnicity
- No governor information is collected as yet

Due regard is given to the promotion of equality in the school improvement plan. The person responsible for the monitoring and evaluation of the policy and action plan is the headteacher.

Their role is to:

- Lead discussions, organise training, update staff in staff meetings, support discussions
- Work with the governing body on matters relating to equality
- Support evaluation activities that moderate the impact and success of this policy

### **Note:**

Under the Equality Act 2010, in very limited circumstances, an employer can claim that a certain religious denomination or belief is considered to be a genuine occupational requirement of that role. An aided school may be able to rely on this for some roles in school, particularly those roles that provide spiritual leadership. However this would not apply for all staff in School. In addition, and there are also instances in which a job will qualify for a genuine occupational requirement on the grounds of gender. However, only in very few instances would this be permissible, for example, where the job is likely to involve physical contact with members of the opposite sex, where matters of decency or privacy are involved.
